Real culinary tools from the Allgäu region

Good food can connect people, make them proud and inspire them. It creates moments of joy – from a quick bite to a grand occasion, whether you're cooking "by feel" or following a recipe. RÖSLE offers clever solutions for your kitchen and your barbecue to support you on your culinary mission.

Picturesque landscapes, traditional craftsmanship and excellent cuisine are characteristic of the Allgäu region and of our brand, RÖSLE. Gourmet tools from the Allgäu – that's our promise to develop products that make cooking every day a true pleasure and will help you enjoy daily life with family, friends and acquaintances. At Rösle, we strive to be "authentic" in everything we do. Authenticity means human connections based on trust, respect and sincerity. For authentic moments of enjoyment that shape day-to-day life and bring you lots of community spirit, joy, and light-heartedness.

True enjoyment. RÖSLE.

Welcome to the Allgäu, welcome to RÖSLE.

Values shape our character as much as mountains and lakes shape our home, the Allgäu. They provide the basis of how we are perceived. At RÖSLE, we have four core values that guide our actions – for respectful cooperation at eye level.

Authenticity

RÖSLE is known for high-quality kitchen and BBQ utensils. This is thanks to both reliability and authenticity. Transparent and clear communication strengthen our customers' trust in our brand. Ease of use and good quality are a given. Authenticity also means long-term planning. First-class service is the key to long-lasting relationships with our partners and customers.

Sustainability

Sustainability is deeply rooted in our philosophy, from the selection of the materials and the design of our products up to our service. RÖSLE products are used in countless households every day and are an important part of our customers' everyday lives. For us, this means that we have tremendous responsibility requiring far-sighted planning and motivating us to develop solutions that will help us to keep saving resources in the future.

Openness

Only those who listen, pay attention and stay curious can improve. Openness is a basic principle at RÖSLE. Creativity and inspiration drive our daily work. Besides genuine innovation, the difference between good and outstanding products is often in the detail. Therefore, our customers' feedback and our close collaboration with our partners are key parts of the RÖSLE product development processes. Thus, we're able to stay a top supplier even in fast-paced markets.

Joy

Everyone who comes into contact with our brand should have a positive experience. Our customers are hosts, but so are we. Every time we come into contact with people. At RÖSLE, success therefore results from teamwork. Those who are familiar with our brand will already know: We are passionate and enthusiastic about providing kitchen tools that make cooking delicious meals a fun and enjoyable experience.

The RÖSLE Barbecuing and Cooking School by Hubertus

The new barbecuing and cooking school is in a stylish setting with lots of charm and a magnificent view over the Alps from the rooftop terrace. The teaching and show kitchen is the venue for chopping, roasting and cooking, while the terrace is for enjoying aperitifs and barbecuing. RÖSLE has created a space that is not only a meeting place for cooking

and barbecuing courses, but also a stage for creative dishes and a workshop to collect memories of unforgettable moments with friends, colleagues or family.

The experienced kitchen team from Landgasthof Hubertus inspires experienced chefs as well as ambitious beginners.

The joy of cooking is always the focus. There is also a great

deal to learn about regional and seasonal products, culminating in the creation of indulgent and sophisticated dishes. And all this in a unique location in the new RÖSLE company building in Marktoberdorf.

What distinguishes us

Over the past 20 years RÖSLE has received more than 100 design awards. Not from just anyone, but from experts, specialists and end consumers who know their stuff. This is not only relevant for professional cooks and gourmets, but also for every style-conscious lifestyle consumer.

New products

Flexible, sleek and durable

The new **FLEXX 2GO** containers are the perfect kitchen helpers. Their modular designs allow the boxes to be individually combined with the right lids: The vacuum lid for storing food and keeping it fresh; the durable stainless steel lid for secure transport;

and the bamboo lid for meals on the go. Perfect for anyone who values fresh, nutritious food – both at home and on the go. As for the food prep itself, look no further than our **WOLFGREY** knife series. Elegant, all-purpose knives for everyday use. Easily

snip, dice or chop with flawless results. Another new addition to our SILENCE® PRO cookware series is the **rectangular roaster**. Great for that big holiday roast but also handy for lasagna or baked fish.

NEW: FLEXX 2GO sustainable, high-quality, versatile

FLEXX 2GO, the new stainless steel containers with a selection of lids - the modular solution for use at home or on the go.

The 'meal prep' trend is here to stay. Get prepped for the week, or save your leftover take-out from the night before. Pack some fresh fruit for a school lunch, or a rewarding meal for your next hiking trip. In these new **stainless steel containers**, food stays fresh and safely stored when you're travelling. Made of high-quality materials, these containers are lightweight, durable and taste-neutral. So you can fully enjoy your meals, even on the go. These containers can be safely used to reheat food in the microwave or in the oven. They're also suitable for storing prepped meals in the refrigerator. And when you're done, simply pop them in the dishwasher. With their elegant design and practical features, you'll love the way FLEXX 2GO boxes simplify your daily life. Never leave home without them!

But that's not all. The series also includes a **snack set** for fruit or toppings. A **dressing jar** for (what else?) dressings and sauces. Handy **dividers** to keep foods separate in the containers. And a **salt and pepper set with a cutlery pouch**. The accessories are designed to fit snugly in the FLEXX 2GO containers, and each item features a silicone jacket, so they can't knock around or scratch anything during transport. Everything you need to enjoy a home-cooked meal, wherever you go. That's modern convenience for you!

Keep freshness on lockdown!

VACUUM LID

Whether you're a health-conscious professional or brand-new to meal prepping, the **glass vacuum lid** is the must-have accessory for optimised meal planning. Vacuum sealing lets food stay fresh up to 5 times longer. In the fridge, the glass lid lets you instantly see the contents without you having to open the container. Flexible to use – works with either a manual or electric vacuum pump.

STAINLESS STEEL LID

The sturdy **stainless steel lid** is the elegant solution for transport. It fits snugly on the container, and the silicone rim ensures that everything arrives safely with no leaking or spilling. A silicone valve in the middle of the lid lets you easily open and close the lid.

SNACK LID

The **bamboo lid** is handy for camping or hiking. Turn it over, and you have a cutting board with juice groove for cutting tomatoes, etc. The silicone edge makes it easy to grip and lets the lid fit snugly and smoothly on the container.

CLIP LOCKS

Depending on your needs, **clip locks** can offer additional security for transporting soups and other liquids. Conveniently clever: Simply take the clips off for serving or storing food in the refrigerator. Compatible with all containers and lids.

FLEXX 2GO

the modular storage system

Three rectangular containers and three round ones in various sizes, plus 14 lids. For maximum flexibility. Whether you're on the move or at home, with our wide assortment of containers and lids, the perfect combination is always at your fingertips.

SNACK LID

- made of bamboo
- for transporting dry foods
- underside can be used as a cutting board
- includes juice groove
- with silicone edge

STAINLESS STEEL LID

- sturdy lid made of 18/10 stainless steel with silicone edge
- leak-proof, air- and aroma-tight
- silicone valve in the middle of the lid makes it easy to open and close
- dishwasher-safe

VACUUM LID

- glass lid with valve for vacuuming with the compatible vacuum pump
- food stays fresh longer
- preserves nutrients, aromas and vitamins
- made of safety glass and silicone
- leak-proof, air- and aroma-tight, even without the vacuum function
- dishwasher-safe

- keeps full containers extra secure during transport
- available in sets of 2

Art.no. 152136

WOLFGREY

Everyday life meets the art of cutting

WOLFGREY adds a breath of elegance and style to your kitchen. This versatile assortment includes ten functional knives, including, for the first time, a Chinese chef's knife and a nakiri knife for precise Asian cutting techniques. These knives are a real pleasure to use, both for everyday food prep and for special culinary occasions. The ergonomic pakkawood handles provide a secure grip, and the high-quality blades are impressively sharp and stay that way. Make cooking a daily delight. Genuinely.

They all have something in common:

- 10-piece collection combines European and Asian blade-making traditions
- elegant pakkawood handle in timeless grey
- perfectly ergonomic design makes you unstoppable in the kitchen
- integrated crop with professional finger guard and excellent balance
- made of hardened X50CrMoV15 special steel blade
- precisely ground to optimised angle for maximum cutting performance
- lets you perform fine, delicate cutting with masterful precision – for paper-thin slices and professional-quality filets
- easy to handwash

PARING KNIFE

- small, handy knife for cutting smaller items
- with pointed, curved blade
- perfect for peeling fruit and vegetables or for removing pits and stems
- blade length 8 cm

Art.no. 112059

VEGETABLE KNIFE

- small, all-purpose knife especially good for cutting fruits and vegetables
- short, straight blade perfect for cutting and dicing vegetables and herbs, e.g. potatoes, onions, garlic, parsley or chives
- blade length 9 cm

Art.no. 112060

NEW

UTILITY KNIFE

- practical, versatile and especially great for fruits and vegetables that are tough on the outside and soft on the inside, e.g. tomatoes
- the serrated edge is also perfect for salami or bread rolls
- blade length 13 cm

Art.no. 112061

CARVING KNIFE

- for slicing larger cuts of meat, e.g. roasts, steak, poultry or ham; long, slim blade design is also great for cutting fish
- for smooth, precise cuts and thin, even slices
- for trimming excess skin or fat
- blade length 18 cm

Art.no. 112062

CHEF'S KNIFE

- versatile all-purpose knife with wide blade
- generally handy kitchen knife, especially good for cutting meat or fish
- for cutting vegetables, e.g. onions, cabbage or pumpkin
- the drop-point blade also makes this knife perfect for chopping herbs
- the flat blade is great for crushing and then finely chopping garlic
- blade length 20 cm

Art.no. 112063

BREAD KNIFE

- sturdy knife with long blade featuring sharp, double-serrated edge
- for bread, rolls and baguettes that have a hard crust and soft crumb
- the sharp, serrated edge also allows this knife to easily and precisely cut through the tough rinds of melons, pumpkins or pineapples
- blade length 22 cm

Art.no. 112065

NEW

SANTOKU KNIFE SMALL AND LARGE

- this Japanese kitchen knife stands for the "three virtues" – fish, meat and vegetables
- create exact, fine strips or thin slices for Asian hot pots or stir-fries
- the classic scalloped edge prevents food from sticking
- the wide blade lets you easily sweep the food straight into your pot or wok
- blade length 15 and 17.5 cm

Art.no. 112068 | 15 cm

Art.no. 112064 | 17.5 cm

NAKIRI KNIFE

- Japanese kitchen knife featuring a wide, rectangular blade with straight edge for high precision
- used especially for cutting and dicing vegetables and for chopping herbs
- the flat side of the blade is great for crushing garlic, etc.
- the wide blade lets you easily pick up the food and transfer it straight into your wok or bowl
- blade length 18 cm

Art.no. 112067

CHINESE CHEF'S KNIFE

- versatile traditional Asian kitchen knife with heavy, broad, rectangular blade
- for cutting and chopping vegetables such as carrots, bell peppers, cabbage and onions
- also great for dicing and cutting meat, poultry, fish and other seafood
- the wide blade is convenient for transporting the chopped ingredients to your pan or pot
- despite its appearance, this is not a meat cleaver but rather a knife designed for precise cutting techniques
- blade length 18 cm

Art.no. 112066

.....○ RECTANGULAR ROASTER SILENCE® PRO

- the perfect addition to our SILENCE® PRO cookware series
- made of 18/10 stainless steel, combined with tempered glass and silicone
- for use on the hob or in the oven
- perfect for large cuts of meat, e.g. roasts or joints but also great for casseroles and braised dishes such as roulades or for baking fish
- the handles fold down, allowing the dish to fit into smaller ovens
- silicone coating on handles and lid protect from heat
- roaster temperature-resistant up to 220 °C, glass lid temperature-resistant up to 180 °C
- includes an insert for steam-cooking, thawing and warming
- dishwasher-safe
- suitable for the following types of cooker:
electric, ceramic, gas, induction and oven

Art.no. 911037 | 41 x 29 cm | Content 9 l

Kitchen tools

The wonderful helpers

Every recipe is different, and so are the requirements. Cooking dinner each day for the whole family or for yourself can be a real challenge. Special culinary moments also require the right preparation and suitable tools.

No matter what your plans are, our clever products and kitchen gadgets will make preparing any dish easier. Our intelligent kitchen tools easily meet the requirements of modern cooking as well. Cooking spoons,

kitchen tongs, graters, bowls, etc. are your companions for a long time, and they have the right features where you need them. That's how the enjoyment starts before you even start eating.

FLEXX 2GO

Freshness and convenience to go

The new FLEXX 2GO containers are a must-have for anyone who watches what they eat. They're available in round or rectangular versions with different volumes. In a sense, each container is three containers in one, thanks to a selection of lids. In combi-

nation with the vacuum lid and pump, they keep food fresh longer and are essential for meal prep. The container and stainless steel lid close tightly and securely for transport. The bamboo lid does double duty as a breadboard – just the thing

for a hiking trip or for the playground. And with clever accessories like the snack set, the dressing container and the salt and pepper shakers, you won't have to leave anything at home.

FLEXX 2GO Containers

Modular and individual: FLEXX 2GO

Cutting Utensils

No better way to cut your food

Sleek and elegant. Sharp and aesthetically pleasing. Universal knives with serrated edge, Asian Santoku knives or the classic chef's knife. With four different series, it's hard to choose. All knives are made of special blade steel and are perfectly balanced. Whether

it be classic riveted handles or handles made of hand-picked wood – all of them are ergonomically shaped and fit snugly in your hand. Whether you want to chop a small onion or cut a piece of fish or crispy baguette – our broad range of knives including all relevant

types of blades will make any kitchen enthusiast's heart beat faster. The knives should be stored in a knife block. That way, the blades are protected against damage and stay sharp for a long time.

TRADITION series

- Made of tempered special blade steel X50CrMoV15
- Ergonomic handle made of POM plastic
- Handle in a classic design with 3 rivets
- Crop between the blade and the handle for good balance and to protect fingers
- Manual cleaning

TRADITION Knife series: classic knives

Cookware

The right lid for each pot

Great parties always end in the kitchen. And we want to let them start in the kitchen as well. Who doesn't like tasting food directly out of the pot or looking over someone's shoulder to see what's sizzling in the pan? No matter who you're cooking for or what the occasion is – you'll

always need a pot or a pan. They are our long-term companions that we use depending on how many hungry mouths there are to feed. Depending on your preference, you can fry your food in an aluminium pan, cook it in a stainless-steel pot or roast it in an iron pan. Home-

made food usually tastes better, gives you a better overview of the ingredients that go into the dish, and is ultimately higher in quality. Pots and pans are thus part of the basic equipment that should be in any kitchen.

Stainless steel series EXPERTISO

Insightful

Tempered glass pot lid allows you to see clearly and keep an eye on what you're cooking.

Handy

Solid handles, linear and timeless, yet sturdy and elegant.

Drip-free

Integrated spouts let you pour soups, marmalades and sauces without losing a drop. They also function as steam vents, including with integrated steam extractors.

Heat-conducting

Encapsulated sandwich bottom with 4 mm aluminium core for flawless conduction and storage of heat.

- 18/10 stainless steel
- Satin-finished over entire surface
- With integrated scale
- Encapsulated sandwich base with 4 mm aluminium core for ideal heat retention and distribution
- Lid made of tempered glass, temperature resistant up to 170 °C

- Perfect steam release with integrated downdraft extractors
- Dishwasher-safe
- Suitable for the following types of cooker:
Electric, ceramic, gas, induction and oven

EXPERTISO Series: solid with plenty of know-how

Stainless steel series SILENCE® PRO

Clever

The silicone jacket protects the sides of the lid and handles from high heat and prevents the lid from rattling.

Tidy

The lid can be hung from the handle to keep your countertop and your dining table more tidy and spacious; even condensation is efficiently collected.

Airy

The cleverly domed lid vents and diverts steam and allows you to drain off any excess water.

reddot winner 2021

Two draining options, clever functions:

Lid slightly open:
rapid draining, e.g. boiled potatoes

Lid fully closed:
draining small items

Lid hooked into the pot handle:
neat and tidy

- 18/10 stainless steel, combined with tempered glass and silicone
- High-quality 2-tone polished finish
- With integrated scale
- Encapsulated sandwich base with 4 mm aluminium core (aroma steamer 5 mm) for ideal heat retention and distribution
- Lid made of tempered glass, temperature resistant up to 160 °C

- Perfect steam release with integrated downdraft extractors
- Dishwasher-safe
- Suitable for the following types of cooker:
Electric, ceramic, gas, induction and oven

Pan variety SILENCE® PRO

24GL11

ProCeraPlus Ceramic coating

For gently frying meat, vegetables, breaded foods or egg, for example. For health-conscious cooking and frying with little fat or oil. The ceramic coating with natural quartz ensures that the food retains its authentic flavour. Manual cleaning.

Convenient

The silicone-coated handle even holds on to your utensils for you.

ProResist non-stick coating

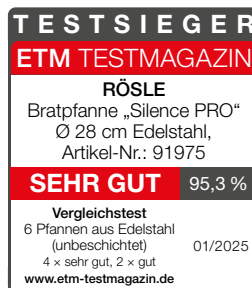

Gently frying with little fat. For preparing sensitive dishes, steaming and searing vegetables or roasting meat. Incorporated silicon carbide particles enables the use of stainless steel kitchen utensils in the pan. Dishwasher-safe.

Stainless steel

Classic pan made of stainless steel, ideal for searing steaks, for example. Also suitable for flambéing. Dishwasher-safe.

Comfortable

Ergonomic handle with silicone coating, temperature resistant up to 200 °C.

- RÖSLE pan expertise: the perfect pan for all requirements
- Frying and serving pans made from stainless steel, with ProResist non-stick coating and ProCeraPlus ceramic coating
- Encapsulated sandwich base with 4 mm aluminium core for ideal heat retention and distribution

- Suitable for the following types of cooker:
Electric, ceramic, gas, induction and oven

Aluminium series CADINI

Crystal clear

Glass lid made of sturdy borosilicate, withstands temperatures of up to 230 °C as well as temperature changes.

ProResist

The durable one, with integrated silicone carbide particles to allow stain-less steel kitchen utensils to be used.

Clever

Sturdy and flexible ergonomic silicone handles for better gripping and carrying, resistant to temperatures up to 200 °C.

Straightforward

Made of recycled aluminium, fully coated, totally dishwasher-safe.

Full-surface

Heats up more quickly thanks to full-surface induction bottom and dishwasher-safe.

- Cast aluminium cookware with ProResist non-stick coating
- Temperature resistant on the cooker (up to 260 °C) and in the baking oven (up to 260 °C or up to 230 °C with lid)
- Aluminium: 100% recycled, environmentally friendly and sustainable
- The material can also be recycled after disposal

- Made in Italy
- Dishwasher-safe
- Suitable for the following types of cooker:
Electric, ceramic, gas, induction and oven

CADINI Series: recycled and durable

Iron series 1888

- Classic frying pan made of forged steel
- Perfect for fried potatoes, potato pancakes and quickly fried meat, but makes an elegant serving pan, too
- Characteristic surface structure with corrosion protection resulting from forging
- Very good heat transfer properties
- Clean up with a damp cloth

- Allow to dry well and rub with oil
- Made in Germany
- For use on the grill, cooker (electric, ceramic, gas and induction) and in the oven

1888 Series: traditional in iron

The new RÖSLE shop system

Brand quality optimally staged

Sophisticated, stylish and with a modern design: with our new shop fitting system, we create the ideal stage for our classics, new products and special offers. Kitchen utensils, bowls and pots made of stainless steel are presented gleaming against an elegant dark background. Atmospheric images evoke emotions and inspire you to plan your next kitchen party. Functionality has also been considered: with ample storage space in modern taupe, stylish stocking up is a breeze. Thanks to flexible modules, the system can be perfectly adapted to different shop situations. The focus is always on a strong brand presence and maximum efficiency for sales.

The modules:

Back wall

Basket

Table

Gondola

Partnership

We are always there for you

"For us, a partnership is a trusted and reliable cooperation that allows both partners to thrive and achieve their goals."

Our in-house staff are available:

Monday through Thursday: 8.00 a.m. to 4.00 p.m.

Friday: 8.00 a.m. to 1.00 p.m.

RÖSLE and the Allgäu region

The perfect symbiosis

We trace our roots back to the Allgäu region. Since 1888, our family company has been headquartered in the Bavarian town of Marktoberdorf. Right in the heart of the Allgäu region. This is the place where we devote ourselves to developing the utensils, pots and grills now so prized around the world. Wherever we go with our products, our home remains in Bavaria, in the Allgäu region.

Our partnership with Allgäu GmbH is another nod to our native region and is also an important way to support this growing business location. RÖSLE is an attractive employer, committed to helping the region and socially involved. Every year, we offer apprenticeships to young people, giving them the opportunity to train at an international company and lay the groundwork for a promising career.

The positive image that the Allgäu brand has achieved in tourism has largely spread to businesses and products in the Allgäu region. Since the establishment of Allgäu GmbH in 2011 and the introduction of the Allgäu brand as a seal of sustainability and quality, the company has been joined by over 500 partners. RÖSLE is one of them. The Allgäu brand is more than its own logo. It also has an authentic yet pioneering story behind it. Allgäu GmbH have developed their own cross-sector standards of quality and adopted a harmonious, uniform brand image. The Allgäu region is a business and holiday location that is home to a wide variety of industries. Yet Allgäu GmbH has found a common set of values for all of them that gives the Allgäu brand its distinctive and forward-thinking character, even as its roots remain firmly planted. This is what binds us so closely and makes us proud to be part of this excellent partnership.

The Allgäu logo, featuring the word "Allgäu" in a white, stylized script font with a registered trademark symbol, set against a solid blue square background.
